

Belmont Festival in the Park

sponsored by City of Belmont and Belmont Chamber of Commerce

Come check out the 'greening' of our Festival!
Belmont Festival in Twin Pines Park.

Saturday, September 30th & Sunday, October 1

We invite you to participate in our 2nd annual Belmont Festival in the Park! This unique event is the marriage of two successful past events: the **Belmont Chamber of Commerce's popular Belmont Community Fair**, and the long-running **City of Belmont's Twin Pines Art & Wine Festival**. Through this partnership, we will be able to offer a larger venue with a wider variety of entertainment for every age and interest while taking advantage of the exclusive and beautiful Twin Pines Park for a completely enjoyable experience. The Belmont Festival in the Park will feature:

Over 100 vendors, including artists, craftsmen, local businesses and non-profit organizations

-  Climbing Wall
-  Chili Cook-off
-  Pet parade
-  New Musical performances
-  Terrific food, wine and beer
-  Children's interactive play area
-  Book fair
-  New "Green Area" and much, much more!

We listen to you! This year we've changed the food offerings, and we will have a larger presence in Twin Pines Park! The Park will be in full swing that weekend, so come on down, see friends and enjoy a day in the Park.

We also will need **volunteers of ALL ages** for many things associated with the Festival such as game booths, information, and pouring wine. Please let us know how and when you'd be available to be part of our changing Festival. You will receive a confirmation of where and when your 'shift' is in the mail early September!

Community Emergency Response Team (C.E.R.T.)

Come join us in this **free**, interactive and informative class and learn how to take better care of yourself, your family, your loved ones and neighbors when a disaster does happen. El Nino, Floods, mudslides, earthquakes, airline crash, terrorism- Disasters come in all forms and severity, are unpredictable and cause disruption of service. The Cities of Belmont and San Carlos know a disaster can easily overwhelm their emergency response resources. Students will receive training in emergency preparedness over these three sessions covering: fire suppression, medical operations, light search and rescue, disaster psychology, team organization and terrorism awareness. Upon course completion, students will receive a Certificate of Completion and some basic disaster response equipment (hard hat, work gloves, goggles, vest, and more).
